

INSTRUCTIONS FOR COLLEGES/IITs/EDUCATIONAL INSTITUTIONS/UNIVERSITIES

1. ADA does not provide any Industrial Training and paid internship as on date
2. College Principal/HOD of the institution may forward a letter of recommendation to Director (Admin & HR), ADA, preferably 3 months in advance before the date of commencement of proposed training period. Hard copy of recommendation letter & resume is mandatory for processing the request and hence sending of soft copy may be avoided.
- 3 The period of project work/ training will be fixed by the Director (Admin & HR) and can be altered /terminated at the will of Director (Admin & HR).
4. The provisions of Apprentices Act 1961 do not apply to this scheme. Student will not be entitled for any stipend during the project work/training.
5. The students may be advised to read about the role/activities of ADA and if it suits to their area of interest and then recommendation may be forwarded. They may be also advised to read instructions for students that are published in the ADA website.
6. The recommendation letter from college Principal/HoD should clearly indicate the following:
 - (a)The name of student indicating that he/she/they is/are bonafide students of the applying institute.
 - (b)Correct duration of project training required to be mentioned with date From.....to..... (.....Weeks/.....Months).
 - (c) The students should be an Indian citizen.
 - (d) The conduct of student should be mentioned in the letter.
 - (e) The recommendation letter should be accompanied by a resume of student trainee, mentioning the topic selected for project work/training with a synopsis not exceeding 150 words.
7. It may be noted that if the students recommended by an institute is found irregular and indiscipline the same will be intimated and further no more students from that institute will be considered for project work in future.
8. Aeronautical Development Agency will in no way be obliged to offer employment to students on completion of training. ADA will not be liable for compensation in case of personal injury caused by accident/incident arising out of and during the course of the students' attachment to ADA.
9. Students who complete the project work/ training with minimum 85% of attendance will be issued certificate. A student who comes after 4th/6th semester for summer training will not be issued any certificate.

GUIDELINES FOR GUIDE/ MENTOR SCIENTISTS AT ADA

1. Ensure that student's trainees are complying with the instructions issued by ADA as per annexure-II. Please plan the training as per AICTE guidelines, monitoring progress, follow up etc. Student should be fully engaged during the training time.
2. Maintain daily attendance of student trainees. No trainees shall be permitted to stay beyond 3.30PM. Student trainees are not to be utilized for any personal work.
3. Ensure adequate precautions are taken to prevent act of sexual harassment on student trainees. Any such acts will attract the provisions of Rule 3(1) (iii) of Conduct Rules.
4. In case of any misdemeanor by the students(s) or continuous absence, mentor scientist should inform Director (Admin &HR) through the respective division head.
5. Ensure that students/project trainees are exposed only to UNCLASSIFIED areas of concerned Dept/ ADA. The guide has to ensure that the project report generated by the trainees(s) under him/her has quality contents and does not contain any classified information.
6. Ensure one copy of project report is submitted by the student for retention in the Dept.
7. Issue of clearance certificate on completion of training.
8. Issue of training certificate on successful completion of training with 85% of attendance.

AICTE guidelines on internship.

1. Learn to apply the technical knowledge in real industrial situation.
2. Gain experience in writing technical reports/projects.
3. Expose students to engineer's responsibilities and ethics.
4. Familiarize with various materials, processes, products and their applications along with relevant aspects of quality control.
5. Promote academic, professional and /or personal development.
6. Expose the students to future employees.
7. Understand the social, economic and administrative considerations that influence the working environment of industrial organization.
8. Understand the psychology of the workers and their habits, attitudes and approach to problem solving.
9. Opportunity to see how the theoretical aspects learned in classes are integrated into the practical work. On floor experience provides much more professional experience which is often worth more than class room teaching.

10. Opportunity to learn strategies like time management, multi-tasking etc in an industrial/Govt set up.
